BULLETPROOF HAS COMPLETED HUNDREDS OF NETWORK RISK ASSESSMENTS ALL AROUND THE WORLD.

INTRODUCING

NETWORK RISK ASSESSMENT (NRA)

SAFEGUARD YOUR DATA AND YOUR REPUTATION. ENSURE YOUR NETWORK IS PROPERLY PROTECTED.

Cyber threats can come from external and internal sources. Either way, the fallout from a security breach can be catastrophic. And if you operate in a sensitive or controversial industry such as gaming, your risks are amplified. Our Network Risk Assessment is powerful tool to help you proactively manage those risks. Whether you've been the victim of a breach, worry that your last security audit was lacking or you require a risk assessment as part of financial or operational audit requirements, Bulletproof's NRAs go beyond basic vulnerability scans to a level of detailed testing required to give you meaningful insights into your network security and how to optimize it.
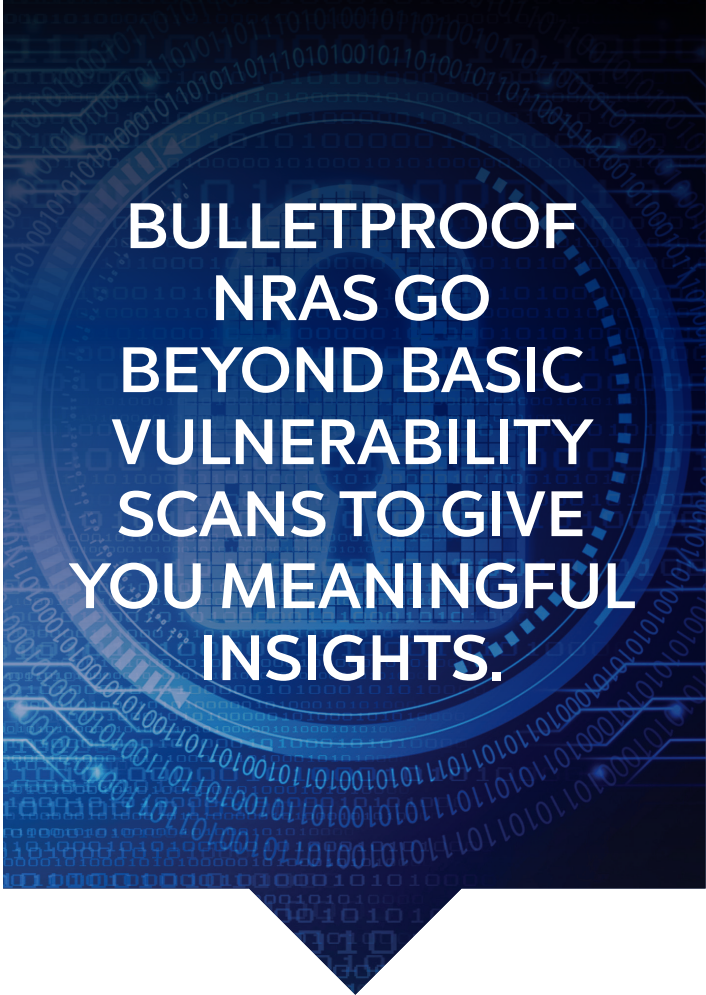

BULLETPROOF

a GLI® company

MINIMIZE RISK.
MAXIMIZE CONFIDENCE.

- Protect your organization's reputation against lost shareholder, customer and public confidence.
- Protect intellectual property (IP) from external and internal threats.
- Detect breaches and risks quicker and know if threats are real or "false positives".
- Safeguard against insider theft, fraud or malicious activity.
- Validate network security and the safety of customer data.
- Comply with NRA requirement as part of your financial audit.
- Gap Assessment helps you prepare for a PCI audit.

BULLETPROOF NRAS GO BEYOND BASIC VULNERABILITY SCANS TO GIVE YOU MEANINGFUL INSIGHTS.

MULTIPLE OPTIONS.
ONE CUSTOMIZABLE PACKAGE.

- Internal & external network vulnerability assessments and penetration testing
- Wireless network vulnerability assessments
- Edge assessments (firewalls, perimeter routers, remote access)
- Web application security assessments
- IT security policy and procedure reviews
- Social engineering
- PCI gap assessment

TRUST THE TEAM WITH
BULLETPROOF CREDENTIALS.

- **Senior resources.** Less overhead = higher value for spend compared to other firms.
